

# Lakeside Mornings. Pine Forests. Mountain Roads. Time To

5 Days / 4 Nights

**Route:** Delhi -> Hapur -> Moradabad -> Rampur -> Rudrapur -> Haldwani -> Kathgodam -> Nainital

## WHY NAINITAL WORKS FOR PETS

Nainital is more than just its famous lake.

For a pet holiday, the real attraction is the combination of pine forests, mountain roads, viewpoints, lakeside walks and relaxed hill-station living.

The central lakefront can get busy, particularly during peak periods, so the best way to experience Nainital with a pet is to move beyond the busiest stretches and explore the quieter side of the hills.

Start the morning with a forest walk.

Take a scenic drive around the lake.

Stop at a viewpoint.

Return to the hotel for a long afternoon rest.

And then, when the crowds thin out, head back towards the lake for an evening stroll.

Nainital works best when you let the mountains — and your pet — set the pace.

## PET-FRIENDLY EXPERIENCES

Naini Lake & Lakeside Walks

The heart of Nainital.

Enjoy the lake from the surrounding promenades and quieter stretches, keeping your pet safely leashed.

Best for: Early-morning walks, photographs and relaxed lakeside time.

Pangot

A quieter mountain village approximately outside central Nainital, surrounded by forests and birdlife.

Best for: Nature walks, birdwatching and getting away from the town crowds.

Birdwatching

The forests around Nainital and Pangot are particularly rewarding for birdwatching.

Take a quiet morning walk with your pet and simply enjoy the sounds of the forest.

Snow View Point

A classic Nainital viewpoint overlooking the surrounding Himalayan landscape.

Access conditions and pet rules should be checked before visiting.

Land's End

A scenic viewpoint with expansive views towards the surrounding valleys and mountains.

Best for: Short walks, photographs and open mountain views.

Eco Cave Gardens

A popular attraction showcasing interconnected natural caves.

This can be included as a sightseeing stop, but pet access should be confirmed before visiting.

Tiffin Top

A beautiful forested viewpoint above Nainital.

The surrounding trails and mountain landscape make this particularly attractive for active dogs, subject to current access conditions.

Hanuman Garhi

A peaceful hilltop temple and viewpoint, particularly beautiful around sunrise and sunset.

Pets should remain outside restricted temple areas.

Bhowali & Mountain Drives

Take a scenic drive through Bhowali and the surrounding hills.

Stop at suitable viewpoints and roadside cafés where pets are permitted.

Resort Nature Trails

For a pet holiday, choose a property where the surroundings themselves become part of the experience.

A garden, forest edge or private outdoor area can often be more enjoyable for your pet than another sightseeing attraction.

## GETTING THERE WITH YOUR PET

Distance: Approx. 300–320 km from Delhi
Drive Time: Approximately 7–9 hours
Recommended Route:
Delhi Hapur Moradabad Rampur Rudrapur Haldwani Kathgodam Nainital
The journey is primarily highway driving until Haldwani/Kathgodam.
The final section becomes increasingly winding as you climb through Bhowali towards Nainital.
Plan a proper break around Moradabad or Haldwani before beginning the mountainous section.
If your pet is sensitive to winding roads, keep the final climb slow and comfortable, with regular breaks where practical.
The road from Kathgodam to Nainital is part of the experience — forests replace traffic, the air gets cooler and the mountains begin to open up.

## PET NOTES

- Nainital's central areas can become very crowded, particularly around Mall Road and the lake during weekends and holidays.
- Early mornings and later evenings are generally better for relaxed walks.
- Keep pets leashed around roads, viewpoints, markets and the lakefront.
- The lake has steep edges and busy roads around parts of its perimeter, so supervise pets closely.
- Hill trails can be uneven, slippery and steep in places.
- Carry sufficient drinking water during longer walks.
- Avoid allowing pets to drink from natural water bodies.
- Nainital can become quite cold during winter mornings and evenings; carry a warm layer.
- Forest areas mean ticks and other insects can be present — check your pet after walks.
- Keep pets away from monkeys and other wildlife.
- If using taxis for local sightseeing, confirm in advance that the vehicle will accept pets.
- Give your pet a proper afternoon rest rather than trying to cover every attraction in one day.
